\_\_\_\_\_

- Please remember to include all accessories and original packaging that originally were shipped with your item. Failure to do so will result in a processing delay and may result in a partial or rejected exchange/refund.
- Include a printed copy of this form inside your return and be sure to visibly write your RMA number on your packaging
- Please write a brief description of your problem below and include any additional information that can expedite your return.
- After receipt, your item will be tested and we will fulfill your request as soon as possible.
- Finally, please remember to keep a copy of your return shipment information, such as the tracking number.
